

Simulation Evaluation: HSC Center COVID-19 Culinary Video Training

Instructions: Feedback is an important factor in the growth of all individuals. Utilize the scale below by selecting the appropriate number to rate the performance of your simulation training video experience. Individual evaluations are submitted to and reviewed by the Jacksonville University Healthcare Simulation Center Executive Director, Brooks Rehabilitation College of Healthcare Sciences. Please email responses to: hsc@ju.edu

Use the following scale, please rate your satisfaction with the clinical agency on the following aspects.

1= Strongly Disagree 2= Disagree 3= Neutral 4= Agree 5= Strongly Agree

1. I clearly understood the purpose and objectives of the simulation training video.

Strongly disagree				Strongly agree
1	2	3	4	5

2. There was enough information provided to me during the simulation training video.

Strongly disagree				Strongly agree
1	2	3	4	5

3. The simulation training video was designed for my specific level of knowledge and skill.

Strongly disagree				Strongly agree
1	2	3	4	5

4. The simulation training video allowed me the opportunity to identify Culinary specific food delivery & preparation best practices.

Strongly disagree				Strongly agree
1	2	3	4	5

5. The simulation training video allowed me to analyze my own behavior and actions.

Strongly disagree				Strongly agree
1	2	3	4	5

6. The simulation training video scenarios resembled real-life situations.

Strongly disagree				Strongly agree
1	2	3	4	5

Please comment on the primary **STRENGTHS** of the simulation video training experience.

Please comment on the primary **WEAKNESSES** of the simulation video training experience.
